1

Intelligent switch

Ordering model: YU8 series button . key material: plastic key color: gray, white and black. Communication mode: zigbee3.0
for APP: tuyasmart input voltage: 110-220v 50/60hz size: 86*86*28mm.
single load: < 500W.
relay quantity: 1-4

1

Intelligent switch

Ordering model: YM6 series button . key material: plastic key color: gray, white and black. Communication mode: zigbee3.0
for APP: tuyasmart input voltage: 110-220v 50/60hz size: 86*86*28mm.
single load: < 500W.
relay quantity: 1-4

1

Intelligent switch

Ordering model: YM8plastic series button . key material: plastic key color: gray, white and black. Communication mode: zigbee3.0
for APP: tuyasmart input voltage: 110-220v 50/60hz size: 86*86*28mm.
single load: < 500W.
relay quantity: 1-4

1

Intelligent switch

Ordering model: YM8metal series button . key material: plastic key color: gray, white and black. Communication mode: zigbee3.0
for APP: tuyasmart input voltage: 110-220v 50/60hz size: 86*86*28mm.
single load: < 500W.
relay quantity: 1-4

1 Intelligent switch

Order model: YM9

key material: metal,
glass, plastic. Plastic

color: gray, white, black.

Metal colors: black, gray,
white, gold, blue, orange,
red, brown, silver.

Communication mode:

zigbee3.0. Applicable

APP: tuyasmart. Input

voltage: 110-220v

50/60hz. Size:

86*86*28mm Single-

channel load: < 500W

Number of relays: 4

Intelligent switch

tuya[®]

Ordering model: YM8PRO button material: plastic button color: gray, white, black red, gold communication mode: zigbee3.0 Applicable APP: tuya smart

According to photos in kind

1

Order model: YF3PRO
multifunctional scene switch.
3.5-inch touch LCD screen,
PC material. Four relay outputs,
eight scene bindings, four
dimming and four curtain
bindings. Button color: gray,
white and black.

Communication mode:
zigbee3.0.

Application APP: tuyasmart
input voltage: 110-220v 50/60hz.

Size: 86*86*28mm.

Single-channel load: < 500W.

Number of relays: 4

Effect of physical electrification

2 Dimming switch

Order model: YFX3PC

2 relay output or set to 2 scene buttons. Single load power: < 500 w; ; Input AC 220 V ~ 50/60 Hz; Surface material: PC; Surface color: black, white and gray. Size: 86*86*32mm. A group of zigbee intelligent dimming drives can be controlled, and the color temperature and brightness can be adjusted in groups.

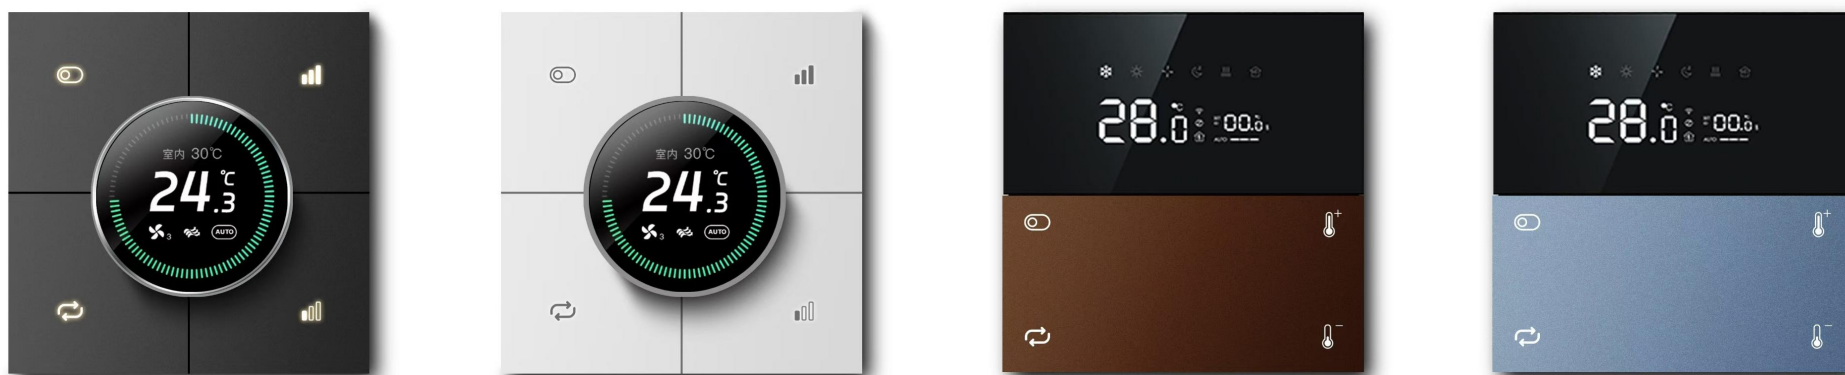

Effect of physical electrification

3

Intelligent thermostat

tuya[®]

Ordering model: YM9-WKQ1、YM8-X3S

Tuya zigbee3.0, input: 220V~50-60Hz, 1, (water machine air conditioner+hydronic systems) 2, (fluorine machine air conditioner+hydronic systems) 3, single fluorine machine air conditioner, single water machine air conditioner, single hydronic systems and single fresh air; When it is used in fluorine machine air conditioning, it is necessary to connect the air conditioning wire control gateway through RS485. Appearance size: 86*86*30mm(Color matches the 8-key switch)

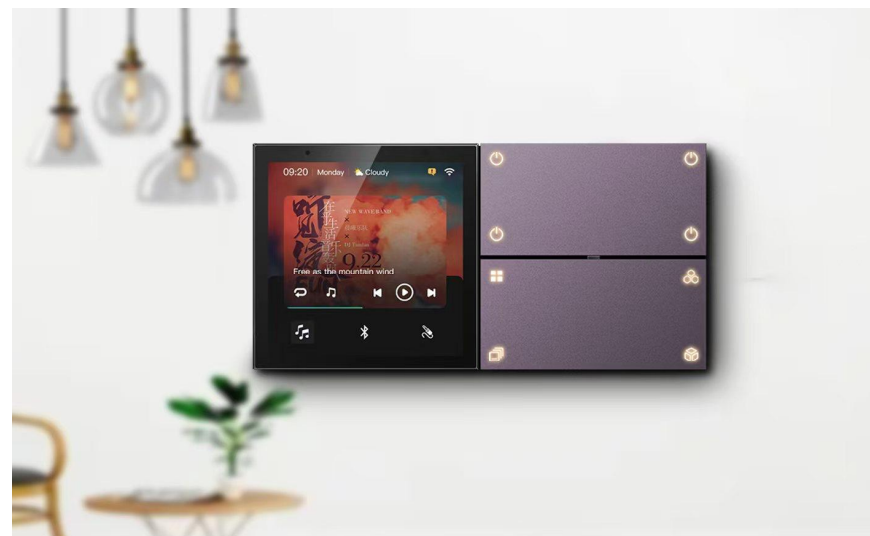

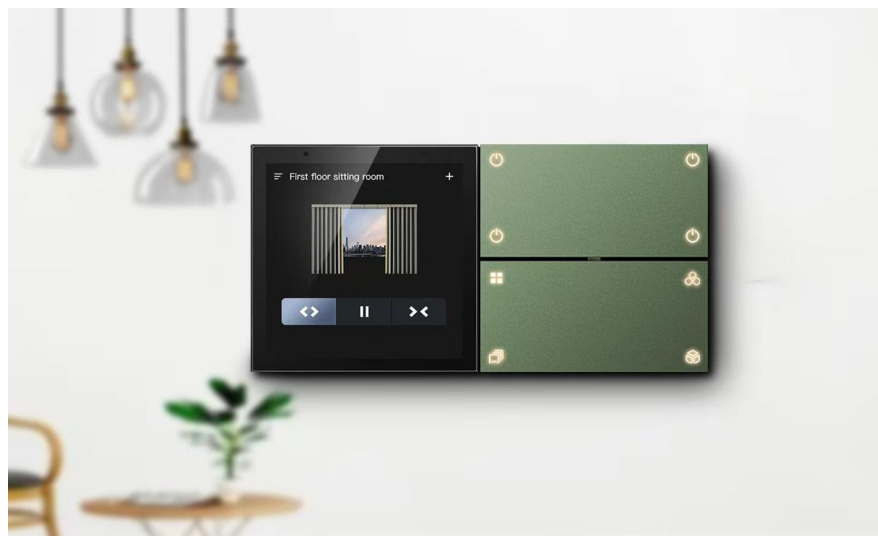

Effect of physical electrification

4

Siamese screen+switch

tuya[®]

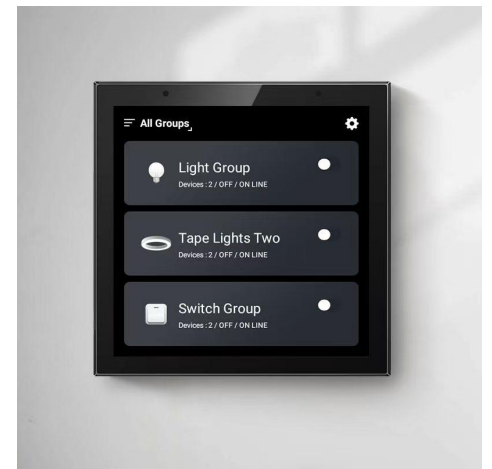

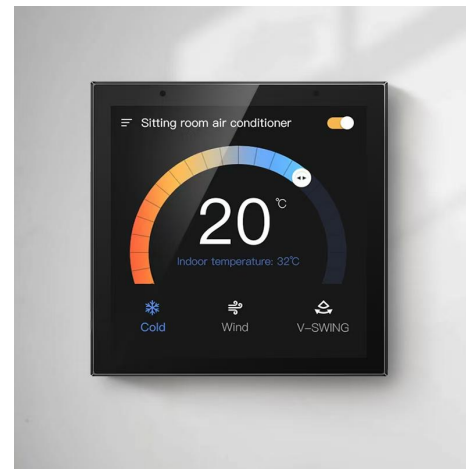

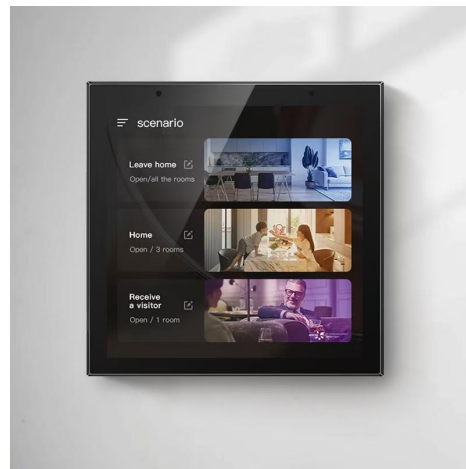

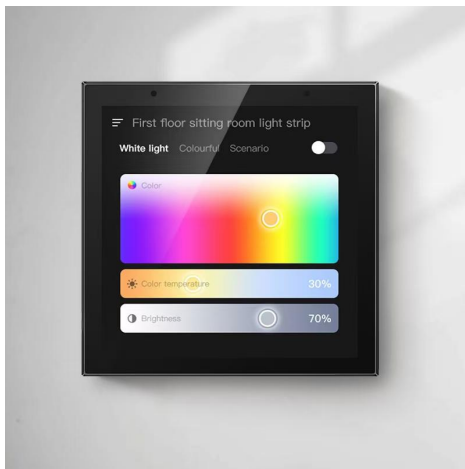

Ordering model: YM9-L11Android

4-way relay+4 scene buttons, PC material. Zigbee 3.0 double 86 bottom box installation, horizontal and vertical installation can be selected. Four-inch LCD central control panel with gateway, background music, device group control and device/scene area control. Bluetooth music can be connected.

5

4 inch central control panel

tuya[®]

Ordering model: Yty-YX6A TCPIP/WiFi

Four-inch LCD central control panel with gateway, voice, background music, device group control and device/scene sub-area control. With network interface, WIFI function, 2 audio interfaces, Bluetooth transmission connection audio, 86*86*30mm.

Effect of physical electrification

6

6 inch central control panel

tuya[®]

Ordering model: YF6

The Android 8.1 system has an aluminum oxide connected frame structure that can be diversified in combination. Equipped with 2 audio outputs, Bluetooth output, and connected to 2 25W speakers. Gateway function, voice, central control, device group control, and device/scene zoning control; Network interface, WIFI function, dual 86 standard base. Equipped with a small horn. Length 208 * 115 * 86MM.

Effect of physical electrification

7

8 inch central control panel

Ordering model: YF8

8-inch LCD central control panel with gateway, voice, background music, device group control and device/scene sub-area control. With network interface, WIFI function, 2-channel speaker output+2-channel relay output. Bluetooth transmission connects audio. With knob function. 255*133*11.5mm
android: 8.1

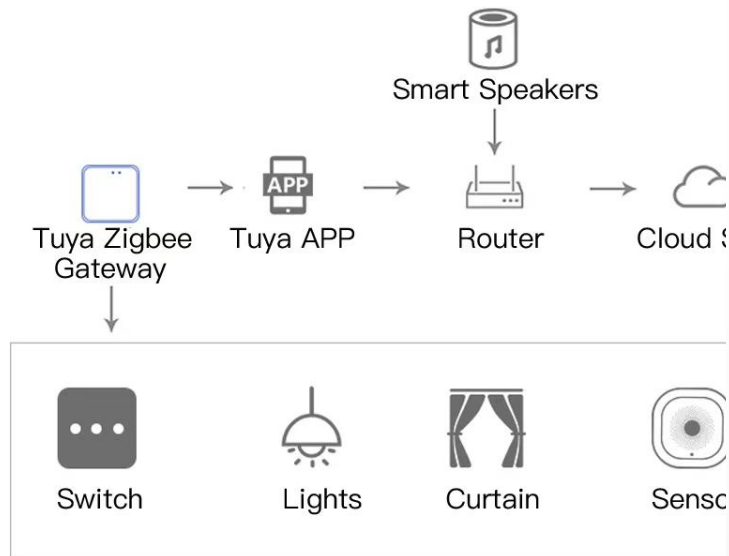

Effect of physical electrification

Ordering model: Yty-g01

Tuya zigbee intelligent gateway, input DC5V1A or POE for power supply. You can access TCPIP or connect to WIFI. Metal shell, 2 external wifi antennas+1 + zigbee antenna. Covering an area of about 200 square meters, it can add 200 sub-devices, and has the function of replacing the failed gateway with one button. After the network is disconnected, the local area can still control it.

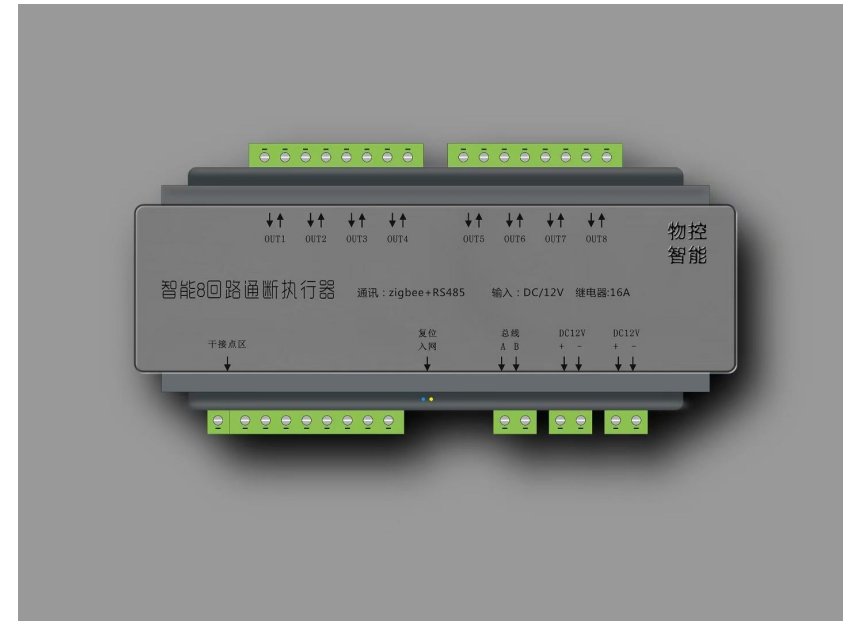

tuya

9

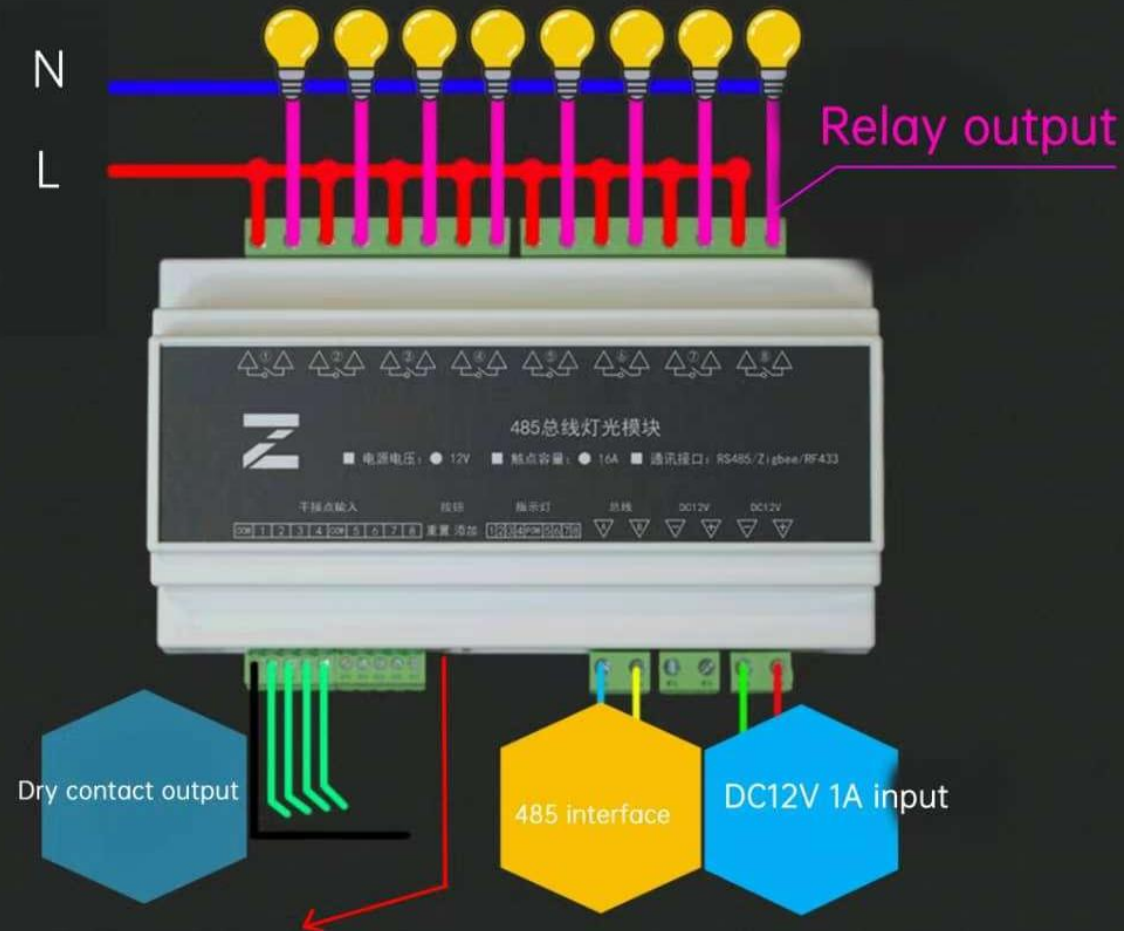

Intelligent control module

tuya[®]

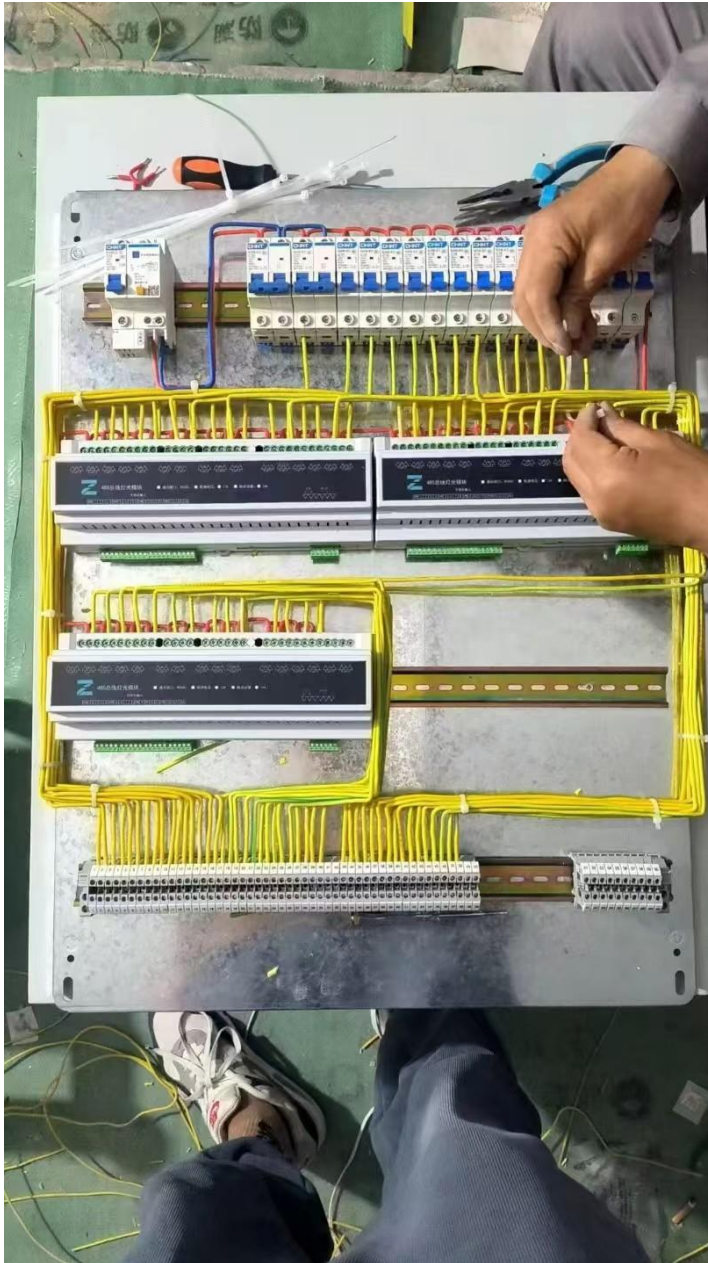

Ordering model: YT8/YT16

Tuya zigbee 8/16 group on-off module. Power supply for equipment: DC12V1a, L input and L output connection mode. 16A relay, each load < 500w. At the same time, the equipment also has RS485 communication.

Load output wiring diagram

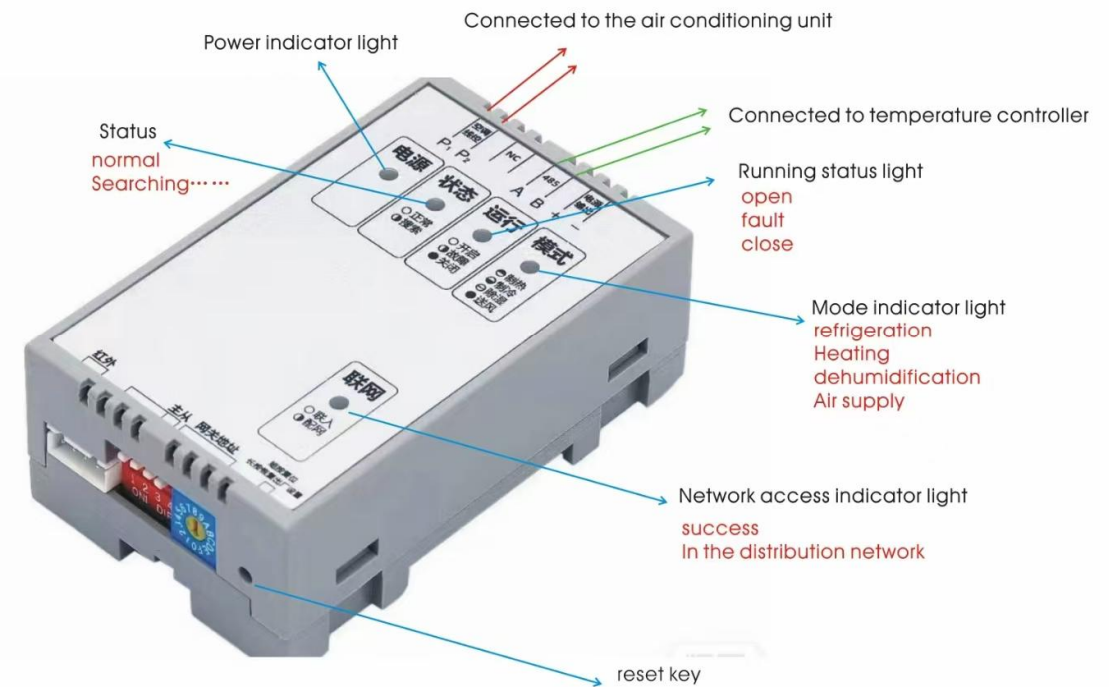

1. On the APP, click on the Zigbee gateway, add sub devices, and enter the search device status. Press and hold the reset button for about 10 seconds to set the device to network configuration. Wait for the addition to be completed.

Air conditioning control gateway

Ordering model: YKT-VRV-02

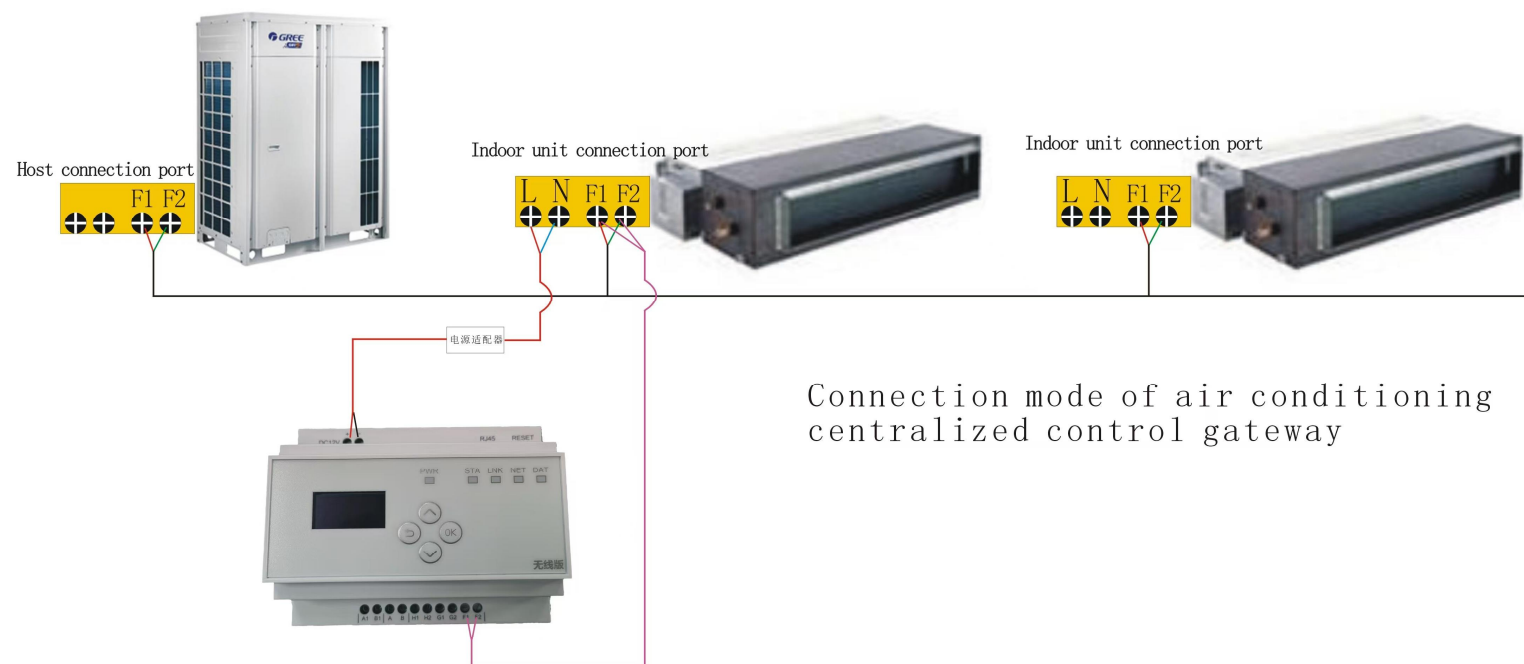

Each indoor unit needs a wire-controlled gateway. If you need to replace the original temperature control panel, you must use this model and provide the original temperature control panel model. It can connect with 98% air-conditioning brands such as Daikin, mitsubishi electric, Mitsubishi Heavy Industries, LG, Hitachi, York and Trane.

Ordering model: YKT-VRV-01

VRV / VRF central air conditioning, you can use this air conditioning gateway. Within the same outdoor unit, you only need to connect one (supporting 32 indoor units at most) to connect 98% air-conditioning brands such as Daikin, mitsubishi electric, Mitsubishi Heavy Industries, LG, Hitachi, York and Trane.
